

CALL FOR PAPERS: BNN CONFERENCE

The Belief Narrative Network Committee is pleased to announce that, as part of the interim ISFNR conference in Ankara 2015, the Belief Narrative Network will be holding its own symposium entitled **BELIEFS IN DISCUSSION**. While submissions on all aspects of belief narratives are welcome, we would particularly like to highlight the following topics related to the general topics of the ISFNR conference:

Beliefs in discussion: from conspiracy theories to vampire films.

Changing beliefs or believing in change: narrative approaches to recent history.

Legends and religion: exchanging experiences of the supernatural.

How continuous are belief narratives? The dynamics of the longue durée.

Please, note that when submitting your abstract you should indicate that you would like to participate in the BNN symposium.

On behalf of the Belief Narrative Network Committee,

Mirjam Mencej
